Rheumatism Cured Free

A Full-sized 75c. Bottle of Uric-O, The
Only Absolute Cure For Rheuma-
tism Ever Discovered.

We want every man or woman who
suffers from Rheumatism and has lost
all faith in remedies to write us today
for an absolutely free trial of the fa-
mous Smith prescription, Uric-O, for
Rheumatism. Uric-O will cure it and
cure it to stay cured. No faith is re-
quired while taking this superb remedy.
You take it according to directions, and
you will be cured in spite of yourself
and any doubts you may have as to its
efficacy. We don't ask you to buy Uric-
O on faith. We'll buy a large 75c. bot-
tle for you and make you a present of it,
if you will agree to take it according
to directions.

We could not afford to do this if we
didn't have all the confidence in the
world in Uric-O, and know that after
you are cured you would have no hesi-
tancy about recommending the remedy
to all your friends and acquaintances
who are suffering from Rheumatism.
This is the method that has made Uric-
O famous wherever introduced. The
cure of several so-called Rheumatic In-
flammas in a community means a steady
sale of Uric-O in that vicinity. Uric-O
is good for Rheumatism and Rheuma-
tism only. It acts upon the blood by
driving the uric and poisonous rheuma-
tism in acid from the system. This is the
only way Rheumatism can ever be cured
and it is the Uric-O way. Most druggists
sell Uric-O, but if you want to test it,
cut out this notice and mail it today
with your name and address and the
name of your druggist to The Smith
Drug Co., 368 Smith Building, Syracuse,
N. Y., and they will give you a full-
sized 75c. bottle free.

Uric-O is sold and personally recom-
mended in Barre by the Red Cross phar-
macy, or Rickett & Wells.

NO IDLERS IN AUSTRIA.

Government Aids the Unemployed to
Find Work.

One of the greatest charitable institu-
tions in the world has just been pre-
sented in Austria. For centuries the
state has recognized the fact that a
man through no fault of his own may
be unemployed and that at the same
time there may be many willing and
eager to give him employment. The
state has recognized it as its duty to
bring the two together.

For this purpose every small town in
Austria has at least one employment
bureau, the larger towns have several,
which are connected with one another
by telephone. In nearly every town
there is also a government workshop
and in the village a government farm,
also under the labor department. Any
man or woman who is out of work
may go to the nearest bureau and
learn in the course of a few minutes
what chances he or she has of finding
a job on that day. Those in need of
employees register at the nearest bu-
reau, and their desires are telephoned
throughout the district. If no place
offers, the worker seeks may spend the
day in the waiting room of the bureau
or be sent to the government work-
shop or farm, as the case may be,
where he toils for his board and lodg-
ing until he is informed that a place is
waiting for him.

When once a place has been found
for the worker, he may not leave it
for another without presenting satis-
factory reasons to the district superin-
tendent. For the itinerant laborer if he
be a respectable man Austria presents
great advantages. When one arrives in
a town he makes his way to a bureau
and registers. If there is no work for
him ready at hand, he is provided with
a good supper, a bath and a comfort-
able bed, if work still be not forth-
coming, he may either continue his
journey to the next town or be as-
signed to the workshop or farm.

Science Sittings.

A mask of aluminum wire to absorb
mercury vapors is the suggestion of
Signor Tarugi, an Italian, for avoiding
poisoning in mercury mines, mirror
factories and other places where work-
ers are exposed to this volatile metal.

In the Great Dinner (Gala Major)

there are eleven stars (four less dis-
tinct than the others), named as fol-
lows: Alothe, Alkaphrah, Benetashah,
Dubhe, El Acola, El Kophrah, El Phad-
kreth, Mezrez, Merak, Mizar and Phad-
reth.

Dinner of burial alive will be re-
moved if the test of death proposed by
a French surgeon is shown to be in-
fallible. He says that X ray photo-
graphs of bodies made even a few
minutes after death reveal clearly the
outlines of all the internal organs,
whereas if life still exists they are not
visible in the photographs.

Woman Suffrage.

Michigan women representing organ-
izations aggregating a membership of
170,000, addressed the constitutional
convention at Lansing recently, plead-
ing for an amendment enfranchising
women.

The Kentucky Federation of Women's
Clubs has enlisted the co-operation
of a number of other organiza-
tions in an effort to secure school suf-
frage with an educational qualifica-
tion for the women of the state.

College women of California have
organized a league, the object of which
is to secure the ballot for women.
Similar college equal suffrage leagues
exist in New York, Massachusetts,
Pennsylvania, Minnesota, Rhode Island
and Illinois.

I can most truthfully recommend your
S. R. & S. Ointment to all persons af-
flicted with erysipelas, knowing from
personal experience its worth.

Very truly yours,
A. C. Dickey.

Words of praise such as these are
proof enough that our ointment for
S. R. & S. Ointment is just. Your
druggist sells it for 25c. D. P. Davis.

ABOUT THE STATE

It is announced that Col. S. A. Hiley
of Middlebury, will not be a candidate
for the Republican nomination for sena-
tor from Addison county.

Stewart O. Elting of Burlington, son
of Capt. Oscar Elting, U. S. A., retired,
was one of the members of this year's
graduating class at the United States
military academy at West Point.

The Sweet Comings company of Rich-
ford has made a contract with the of-
ficials of Sutton, Que., subject to the ap-
proval of its voters, to supply electricity
for the lighting of that village, public
and private. The company will deliver
the electric current at the boundary of
Sutton.

A good-sized doe was illegally shot
in the Jericho district, in White River
Junction and warrants have been is-
sued for the arrest of the perpetrators,
who are at present unknown. Deer are
reported very numerous in that vicinity
this winter, coming down to within a
few rods of Hartford village every night.

Perhaps the largest sale of raw furs
ever made in New England by one
party was that last week when Fred
H. Flood of Huntingtonville, a village
in the town of Grafton, sold about
\$7,500 worth to J. C. Burgess of Man-
chester, N. H. There were 1,200 red
fox skins, 200 mink, 300 raccoon, 50,000
muskrat and other skins. Mr. Flood is
a trapper and is accounted a great judge
of raw furs. The skins will be shipped
to France.

Among the men added to the free
lecture list of the New England Educa-
tional league are: Principal D. A. Alva
Crandall of Milton, subject, "The Coun-
try Town and the Country School"; Dr.
H. D. Holton of Brattleboro, subject,
"Tuberculosis, its Prevention and Cure";
"The Sanitary Home," "A Trip to Mex-
ico." The league has arranged for a lec-
ture by Principal Isaac Thomas of
Huntington, at Milton and Dr. H. D. Hol-
ton at White River Junction.

Will Ask a Higher Tax.

The Brattleboro selectmen, in their
annual report which will be issued in a
few days will recommend a tax of 40
per cent. This is somewhat larger than
last year's rate, but the treasury is
practically empty and the estimates for
the coming year are greater than those
for last year.

The warrant for the coming town
meeting will contain an article to see
what shall be done about a new bridge
across West river to replace the present
one, which has been condemned. For the
benefit of the voters the selectmen have
secured estimates to be given at the coming meeting. These
contemplate two schemes, one for a
"camel's back" bridge and one for a deck
bridge. The former would be 180 feet
long and would cost from \$13,000 to
\$17,000, according to the type of floor,
and the latter would cost from \$25,000
to \$30,000, according to the type of floor.
If it should be found necessary to
build the approach. The other scheme
would raise the highway from its present
position under the West river rail-
road bridge to a point some distance
above the railroad, which would make
necessary a 600-foot trestle. This bridge
would cost from \$40,000 to \$50,000, ac-
cording to the kind of floor. In any
event one abutment will have to be re-
built, and the selectmen believe that
this is the year when the change should
be made as the completion of the Con-
necticut river dam will cause the water to
set back in West river and make the
building of the abutment more expen-
sive.

New Pastor at Proctor.

Services of installation for Rev. Fred-
erick Wingate Raymond, new minis-
ter of the Proctor church, were held
Friday evening, and a large number of
valuable weather conditions. The audience
present filled the main auditorium and
occupied the greater part of the class
rooms, adjoining. Displays of flowers ad-
orned the pulpit tables in the front part
of the church.

Owing to the illness of Rev. Clifford
H. Smith of Pittsford, Rev. G. W. C.
Rill of St. Johnsbury, a former pastor
of the Union church, presided. The
exercises opened with an organ recital
by Harry F. Stafford of Rutland, fol-
lowed by the invocation, Rev. Gustaf
Wiman, pastor of the Proctor Swedish
Congregational church, read from the
Scriptures. The quartet from the Unitarian
church, led by Stainer, sang, "The
Voice of Jesus," and "The Voice of
Jesus," by Miss Perkins, Mrs. H. L. Baldwin
and C. A. Hatch. The sermon was de-
livered by Rev. Jay T. Stocking, pastor
of the Central Congregational church at
Newtownville, Mass. The remainder of
the exercises were as follows:

Reading pastor and wife into church
fellowship, Rev. G. W. C. Rill, solo,
"The Voice of Jesus," Miss Perkins,
prayer of installation, Rev. Loyal A.
Bigelow of Townsend, N. Y., and former
pastor of Union church; right hand
of fellowship, Rev. Clifford H. Smith
of Rutland; solo, "In Thee, O Lord," Mrs.
Hatch; address to pastor and people, Rev.
Mr. Rill; benediction, Rev. Frederick
W. Raymond, the pastor.

Plymouth Union's Centennial.

Mrs. Lemuel D. Sumner, of Plymouth
Union, who celebrated the centennial of her
birth January 26, was born in Shrews-
bury being a daughter of Ebenezer and
Milletta (Coombs) Tumbler of Med-
way, Mass. She was one of a family of
four children, having one sister and two
brothers. Her father died when she was
about five years old, and she remained
at home with her mother until fifteen
years old, when she went to work spin-
ning wool and flax at wages of fifty-
eight cents a week. When about nine-
teen years old she went to Lowell to
learn the tailor's trade of Linus Thayer,
working for him about thirteen months
when he died. Miss Tumbler then going
to work for another man for two months
and completing her trade. From then
on she was about 23 years old her time
was passed in sewing, spinning
wool or flax, and weaving the same into
cloth. At one place she spun and wove
eighty yards of linen at the halves.

Miss Tumbler was married to Lem-
uel Drake Sumner April 11, 1834. There
were born to them nine children. Hollis,
born February 4, 1837, died March 15
of the same year; Warner Aldrich born
June 9, 1837, died September 20, 1869,
in Colorado, unmarried; Mary Elmina,
born April 7, 1843, died in Newport,
N. H., Nelson, resident in Brownsville, Minn.;
Hazel Ellen, born May 23, 1845, died
October 17, 1888; Reuben Addison, born

April 20, 1842, died July 13, 1864, in
hospital at Washington, D. C., unmar-
ried, a soldier in the Eleventh Vermont
Regiment; Amherst Alonzo, born Decem-
ber 4, 1844, died January 17, 1898
(twins); Amaranth Melissa, born Decem-
ber 4, 1844, resident at Plymouth
Union, died March 21, 1903, unmarried.
Mr. Sumner died October 27, 1890. Mrs.
Sumner maintained a home for her chil-
dren until the last one living was mar-
ried, May 22, 1871. For about eleven
years she lived at Plymouth Five Corn-
ers; from 1882 until 1898 she made a
home for her son, Amherst, who had
been his wife and since then she has
made her home with her daughter,
Amaranth M. (Mrs. Maynard Brown).
Mrs. Sumner retains her faculties
to a marked degree. Although deaf
and blind, her mind is clear as in youth
and she has a most remarkable memory.
While in her ninety-first year she
placed a quilt, and since last fall she
has busied herself working on a rug.
Even at this ripe old age she is able to
walk about the house and go to her
meals without assistance.

RECENT DEATHS IN VERMONT.

Arba Davis, one of the oldest resi-
dents of Jericho, died Saturday morning
of old age, at the home of his daughter,
Mrs. George Foster. He had been failing
for several months, but had been con-
fined to his room only about a week.
He was born in Williston in 1817, being
90 years old last November. Mr. Davis
was the oldest of a large family of chil-
dren, only one of whom, the youngest,
survives. Except for 12 years in Michi-
gan, he had always lived in this section
of Vermont. He is survived by four
daughters and one son, Mr. George Fos-
ter and Mrs. Frank Cleveland of Jericho.
Mrs. George Delamater of Potsdam, N. Y.,
Mrs. Aiken of Scitago Lake, N. Y.,
and Edward J. Davis of Dickinson Cen-
ter, N. Y., also by one brother, James
Davis of Starksboro, beside several grand-
children. The funeral was held this
afternoon at two o'clock at the
Baptist church, and burial was in the
cemetery in this village, beside the body
of his wife, who died last spring.

LONG LOST PAPERS MAY REVEAL MUCH.

General Pike's Manuscripts Lately Found
Will Throw Light on American
History.

Colorado Springs, Col., Feb. 18.—Gen-
eral Zebulon M. Pike's original manu-
scripts and papers relative to his explo-
rations in 1806, which were taken from
him at Chihuahua, Mex., after his cap-
ture by the Spaniards, have been found
by Herbert B. Bolton, a professor in
the university of Texas, who has been
making extensive researches in the Mex-
ican archives.

News of the discovery has just been
conveyed to General William J. Palmer
of this city by Dr. Edgar J. Hewitt, di-
rector of the American institute of archae-
ology. The whereabouts of these pa-
pers have been unknown since their seizure
by the Spaniards. They are expected to
throw light on early American history
and to show not only General Pike's
early explorations, but to settle the
much-discussed question whether he was
implicated in the Burr conspiracy.

EDUCATOR WARNED TO LEAVE THE STATE.

W. E. Pruitt, Hounded, He Says, by
the Miners' Federation Since Jury
Service.

Reno, Nev., Feb. 18.—Claiming to be
hounded by the "inner circle" of the
Western Federation of Miners since the
day he sat upon the coroner's jury in
Cripple Creek that held federation men
responsible for the destruction of the In-
dependence depot, W. E. Pruitt, superin-
tendent of schools of Reno, says he
has been driven from place to place
within the state of Nevada.
Yesterday he charges, the final warn-
ing came that he would have to cross
the borders of the state. From Cripple
Creek Pruitt went to Seven Thoughts.
Last May 30 miners visited his tent
in the night and forced him to leave the
Cripple Creek camp to Seven Thoughts
camp at once. He came to Reno and
now he has been warned to leave.

270 ARE ARRESTED IN BLACK HAND CRUSADE.

Pennsylvania Making Strong Effort to
Wipe Out Organization.

Harrisburg, Pa., Feb. 18.—With 270
men captured in 32 raids conducted by
the state police department in its war
against black hand bands that have been
terrorizing the foreign population in var-
ious sections of the commonwealth, the
authorities count on crushing them out
before the operations can extend to
Americans.

For months the state policemen have
been waging war on criminal gangs in
the anthracite regions.

Police men have also been sent to Alle-
gheny county, where threats were made
against several prominent men, and spe-
cial details will operate about Pittsburg
for some time to come.

YOUR HAT

May Be a Stylish One, But It Makes
Trouble.

A man usually buys a hat that's "in
style," but the modern hat for men has
lots to answer for.

Baldheads are growing more nume-
rous every day. Hats make excellent
breeding places for the parasite germs
which sap the life from the roots of the
hair.

When your hair begins to fall out and
your scalp is full of dandruff it is a
sure sign that these countless germs are
busily at work.

There is but one way to overcome the
trouble and kill the germs—that way is
to apply Newbros' Herpicide to the
scalp—it will kill the germs and healthy
hair is sure to result.

Sold by leading druggists. Send 10c. in
stamp for sample to The Herpicide Co.,
Detroit, Mich.

Two sizes—25 cents and \$1.00.
